Schematic configuration -
Modules can be arranged to suit site conditions

KEY

1. Type A - Linear End unit - 1200(L) × 600(W) × 550(H)mm, 450 mm above finished ground level
2. Type B - Linear Standard unit - 1200(L) × 600(W) × 550(H)mm, 450 mm above finished ground level
3. Type C - Linear unit with timber seat edge - 1200(L) × 600(W) × 550(H)mm, 450 mm above finished ground level
4. Type D Linear unit with timber seat edge and armrest - 1200(L) × 600(W) × 550(H)mm, 450 mm above finished ground level
5. Type D Linear unit with timber seat edge, armrest and backrest - 1200(L) × 600(W) × 550(H)mm, 450 mm above finished ground level
6. Stainless steel armrest
7. Backrest

*Detail indicative. Subject to coordination with fabricator.
*Fixing methods indicative and to be developed by specialist fabricator.

NOTES:

- End units are mirrored versions of the same module.
- Final specification and construction details subject to detailed design.
- Fabricator to assess and develop the design further to ensure all the elements will fit and meet requirements of relevant site measurements and comply with relevant BS/EN
- Contractor to advise Landscape architect of any discrepancies in information prior to works commencing.
- Contractor to provide samples for approval of Landscape architect. Fabrication drawings to be approved prior to materials order outlining all dimensions & technical compliance for Landscape architect approval. Drawings to be based on site measurements.
